- [ ] Natural. Include a Natural Regeneration Plan
- [ ] Not required because of one or more of the following:
  - [ ] I am converting some or all of this land to non-forest land in the next 3 years or lands are exempted under WAC 222-34-050.
  - [ ] Individual dead, dying, down, or wind-thrown trees will be salvaged.

  - [ ] An average of 190 tree seedlings per acre are established on the harvest area and my harvest will not damage it.
  - [ ] Road right-of-way or rock pit development harvest only.

*** If you own MORE than 80 forested acres in Washington, skip to Question 27 ***

23. Are you using the exempt 20-acre parcel riparian management zone (RMZ) rule on type S, F, or Np waters?

Before the sale or transfer of land or perpetual timber rights subject to continuing forest land obligations, the seller must
notify the buyer of such an obligation on a form titled “Notice of Continuing Forest Land Obligation". The seller and buyer
must both sign the “Notice of Continuing Forest Land Obligation" form and send it to the DNR Region Office for retention.
This form is available at DNR region offices.

related to continuing forest land obligations, including all legal costs and reasonable attorneys’ fees incurred by the buyer
in enforcing the continuing forest land obligation against the seller.
Failure by the seller to send the required notice to the DNR at the time of sale will be prima facie evidence in an action by
the buyer against the seller for costs related to the continuing forest land obligation prior to sale.
