Conditions on Approval / Reasons for Disapproval

THIS OPERATION IS SUBJECT TO THESE CONDITIONS:

All stream buffers must be marked in a manner clearly visible on the ground and from the air, prior to any chemical application.

Operator and / or landowner representative will identify and notify the pilot of all water locations prior to the spray application.

Notify the Department of Natural Resources at least 48 business hours before beginning operations. Call (360) 856-3500 for Forest Practices and provide the application number and legal description of your operation.

Aerial chemical application areas shall be posted by the landowner by signing at significant points of regular access at least 5 days prior to treatment. Posting shall remain at least 15 days after the spraying is complete.

FOR YOUR INFORMATION:

NOTICE:
As of August 15, 2014, the United States Environmental Protection Agency (EPA) reinstated no-spray buffer zones for ground and aerial applications of certain pesticides around salmon-supporting waters in Washington, Oregon, and California.
Where the EPA buffers are wider than those required by the Washington State forest practices rules, the EPA buffers shall be used.

To determine if you will need to leave the EPA buffers on your spray operation, refer to the Washington State Department of Agriculture’s internet web site at: http://agr.wa.gov/pestfert/natresources/buffers.aspx
It is important to check the Department of Agriculture’s website immediately before spraying to ensure that you have the most current information.

For questions regarding the EPA buffers email espp@epa.gov. For help with interpreting the maps and tables on the website or for additional information on applying pesticides, contact the Washington State Department of Agriculture - Pesticide Management Division at 360 902 2040.

Appeal Information

You have thirty (30) days to appeal this Decision and any related State Environmental Policy Act determinations to the Pollution Control Hearings Board in writing at the following addresses:

Physical address: 1111 Israel Rd. SW, Ste 301, Tumwater, WA 98501
Mailing address: P.O. BOX 40903, OLYMPIA, WA 98504-0903

Information regarding the Pollution Control Hearings Board can be found at: http://www.eluho.wa.gov/

At the same time you file an appeal with the Pollution Control Hearings Board, also send a copy of the appeal to the Department of Natural Resources’ region office and the Office of the Attorney General at the following addresses:

Department of Natural Resources
Natural Resources Division
1125 Washington Street SE And 919 N Township Street
PO Box 40100 Sedro-Woolley, WA 98284

Office of the Attorney General

Other Applicable Laws

Operating as described in this application/notice does not ensure compliance with the Endangered Species Act, or other federal, state, or local laws.

Hydraulic Project Approval (HPA) (Chapter 77.55RCW and WAC 222-50-020(2))

The Department of Fish and Wildlife (WDFW), as the jurisdictional agency issuing HPAs, has final authority for approving water crossing structures in Type S and F waters. WDFW continues to have authority on Type N waters and may exercise that authority on some Type N waters.

Notice: The HPA water crossing requirements supersede what is indicated on the FPA. Landowners are required by law to follow the provisions as directed on the HPA.

Transfer of Forest Practices Application/Notification (WAC 222-20-019)

Use the “Notice of Transfer of Approved Forest Practices Application/Notification” form. This form is available at region offices and on the Forest Practices Division website: http://www.dnr.wa.gov/businesspermits/forestpractices. Notify DNR of new Operators within 48 hours.

Continuing Forest Land Obligations (RCW 76.09.060, RCW 76.09.070, RCW 76.09.390, and WAC 222-20-055)

Obligations include reforestation, road maintenance and abandonment plans, conversions of forest land to non-forestry use and/or harvest strategies on perennial non-fish habitat (Type Np) waters in Eastern Washington.

Before the sale or transfer of land or perpetual timber rights subject to continuing forest land obligations, the seller must notify the buyer of such an obligation on a form titled “Notice of Continuing Forest Land Obligation”. The seller and buyer must both sign the “Notice of Continuing Forest Land Obligation” form and send it to the DNR Region Office for retention. This form is available at DNR region offices.

If the seller fails to notify the buyer about the continuing forest land obligation, the seller must pay the buyer’s costs related to continuing forest land obligations, including all legal costs and reasonable attorneys’ fees incurred by the buyer in enforcing the continuing forest land obligation against the seller.

Failure by the seller to send the required notice to the DNR at the time of sale will be prima facie evidence in an action by the buyer against the seller for costs related to the continuing forest land obligation prior to sale.
