--	---

Publication Number	# of copies	Title of Publication
331-328		2004 Annual Report
331-252		Alternate Disinfectants
331-167		Arsenic in Drinking Water
333-057		Arsenic in the Environment
331-253		Chlorination of Drinking Water
331-181		Coliform Bacteria and Drinking Water
331-286		Color, taste and odor problems in drinking water
None		Cross connections can create health hazards
333-001		Datos Sobre La Giardiasis
331-251		Disinfection Byproducts
816-K-02-003		Drinking Water From Household Wells
331-088		Drinking Water Program 1996 Legislative Report
None		Drinking Water Program Overview
331-185		Getting Drinking Water Information
333-003		Giardia Facts
331-120		Guideline #1-8 Water Conservation: Guidelines to Being Waterwise
331-120-1		Guideline 1: Indoor Water Conservation
331-120-2		Guideline 2: Outdoor Water Conservation
331-120-3		Guideline 3: Lawn Watering Guide
331-120-4		Guideline 4: Indoor Water Audit
331-120-5		Guideline 5: Meter Reading and Leak Repair
331-120-6		Guideline 6: Soil Preparation and Planning
331-120-7		Guideline 7: Irrigation and Landscaping
331-120-8		Guideline 8: Salmon Recovery
None		Help protect your drinking water from contamination

Publication Number	# of copies	Title of Publication
331-349		Important information for private well owners
None		Lawn irrigation systems and backflow prevention
331-177		Lead in Drinking Water
331-255		Lead in School Drinking Water
331-214		Nitrate in Drinking Water
331-214s		Nitrate in Drinking Water - Spanish Translation
331-184		Office of Drinking Water Strategic Directions
None		Protect your water heater from thermal expansion
331-171		Report to the Governor: Water System Capacity
None		Residential fire sprinkler systems and backflow prevention
331-004		Safe Drinking Water
331-326		School Lead Testing Results from 2005 Grant Program
331-353		Third Party Qualified Sanitary Surveyors
331-115		Treatment of Drinking Water for Emergency Use
331-206		Types of Coliform Violations for Group A Public Water Systems
None		Unrepaired Leaks Can Be Costly
331-188		Washington's Drinking Water Program: Recommendations Regarding Scope and Funding
816-K-03-007		Water on Tap: What you need to know
331-327		Water Rates: Paying for drinking water
331-318		Arsenic in Drinking Water
331-167		Arsenic in Drinking Water
331-210		Arsenic Treatment for Small Water Systems
331-181		Coliform Bacteria and Drinking Water
331-258		Coliform Information Packet (Teal Folder)
331-260		Coliform Public Health Advisory Packet (Red Folder)
331-225		Coliform Sampling Procedure
331-247		Correct Completion of a Coliform Lab Slip
331-048		Covenants for public water supply protection
None		Cross connections can create health hazards
331-132		Cryptosporidium in Drinking Water--Position Paper
331-133		Drinking Water After-Hours Emergency Hotline
331-242		Emergency Disinfection of Small Systems
331-182		Emergency Water Supply Guidelines for Food Service Establishments
331-187		Follow-up to an Unsatisfactory Coliform Sample
None		Help protect your drinking water from contamination
331-349		Important information for private well owners
None		Lawn irrigation systems and backflow prevention
331-111		Lead and Copper Monitoring

Publication Number	# of copies	Title of Publication
331-177		Lead in Drinking Water
331-255		Lead in School Drinking Water
331-040		Mandatory Language for Drinking Water Public Notification
331-214		Nitrate in Drinking Water
331-214s		Nitrate in Drinking Water - Spanish Translation
331-130		Nitrates in Drinking Water--Position Paper
331-036		Preparation of a Coliform Monitoring Plan for Group A Public Water Systems
331-240		Preparation of a Coliform Monitoring Plan for the Small Non-Community Water System
331-179		Public Health Advisory: Coliform
None		Residential fire sprinkler systems and backflow prevention
331-205		Routine Coliform Monitoring Requirements
331-326		School Lead Testing Results from 2005 Grant Program
331-085		Surface Water Treatment Rule
331-261		Testing for lead in school drinking water systems
331-115		Treatment of Drinking Water for Emergency Use
331-180		Troubleshooting Checklist for Coliform Contamination
331-206		Types of Coliform Violations for Group A Public Water Systems
331-056		Uranium and Radon in Drinking Water
331-262		Water Sampling: What we test for and why
331-024		Water System Evaluation and Disinfection
331-166		When arsenic is detected in drinking water
331-137		Backflow Prevention Assemblies Approved for Installation in Washington State (2005)
331-137		Backflow prevention assemblies approved for installation in Washington state (2006)
None		Backflow Prevention Assembly Field Test Procedures Approved for Use in Washington State
331-234		Cross Connection Control for Small Water Systems
None		Cross connections can create health hazards
331-355		Cross-connection control rules and definitions
None		Help protect your drinking water from contamination
None		Lawn irrigation systems and backflow prevention
None		Protect your water heater from thermal expansion
None		Residential fire sprinkler systems and backflow prevention
331-338		Responding to Pressure-Loss Events
331-348		Top Ten Reasons for Health Advisories
817-K-06-001		Active and Effective Water Security Programs
331-181		Coliform Bacteria and Drinking Water
331-260		Coliform Public Health Advisory Packet (Red Folder)
331-286		Color, taste and odor problems in drinking water
331-059		Communicating Water Quality Risk Issues to the Public

Publication Number	# of copies	Title of Publication
331-297		Department of Health's role during a drought emergency
331-133		Drinking Water After-Hours Emergency Hotline
331-280		Drinking water emergency exercises: Summary Report
331-242		Emergency Disinfection of Small Systems
331-317		Emergency drinking water sources
331-211		Emergency Response Planning Guide for Public Drinking Water Systems
331-182		Emergency Water Supply Guidelines for Food Service Establishments
331-300		Flood advice for drinking water systems
331-063		Guidelines for Truck Transportation of Emergency Water Supply for Public Use
331-040		Mandatory Language for Drinking Water Public Notification
331-214		Nitrate in Drinking Water
331-214s		Nitrate in Drinking Water - Spanish Translation
331-259		Nitrate Public Health Advisory Packet (Blue Folder)
331-222		Nitrate Sampling Procedure
331-301		Preparing Water Shortage Response Plans
331-179		Public Health Advisory: Coliform
331-239		Public Notification Helps Protect Public Health
331-183		Responding to a threat against a water system
331-279		Tabletop exercise planning guide for public water systems
331-348		Top Ten Reasons for Health Advisories
331-246		Translated Drinking Water Warnings
331-115		Treatment of Drinking Water for Emergency Use
331-180		Troubleshooting Checklist for Coliform Contamination
331-316		Water shortage response plans for small public drinking water systems
331-199		Water System Security and Emergency Response Planning
331-252		Alternate Disinfectants
331-210		Arsenic Treatment for Small Water Systems
331-137		Backflow Prevention Assemblies Approved for Installation in Washington State (2005)
331-137		Backflow prevention assemblies approved for installation in Washington state (2006)
331-253		Chlorination of Drinking Water
331-110		Consensus Protocol for Evaluation and Acceptance of Alternate Surface Water Filtration Technologies in Small System Applications
331-234		Cross Connection Control for Small Water Systems
331-254		Disinfectants and Disinfection Byproduct Stage 1 Rule
331-251		Disinfection Byproducts
331-242		Emergency Disinfection of Small Systems
331-244		Existing System Approval (ESA): Workbook
331-245		Existing Systems Approval (ESA): General Information and Workbook Instructions
331-077		Guideline for Group B Public Water System Approval

Publication Number	# of copies	Title of Publication
331-072		Guideline for Group B Public Water System Approval: Appendices
331-044		How to Hire an Engineer
331-235		Multiple Wells, One Aquifer: How to show many wells draw from the same aquifer
331-309		Nitrate Treatment Alternatives for Small Water Systems
331-358		Point-of-use or point-of-entry treatment strategy
331-204		Slow Sand Filtration and Diatomaceous Earth Filtration for Small Water Systems
331-207		Surface Water as a Source of Public Drinking Water
331-085		Surface Water Treatment Rule
331-262		Water Sampling: What we test for and why
331-281		Distance Education Reimbursement
331-233		Drinking Water State Revolving Fund
331-196		Drinking Water State Revolving Fund 2006 Funding Cycle Application Guidelines
331-334		Drinking Water State Revolving Fund Biennial Report (State Fiscal Years 2004-2005)
331-236		Drinking Water State Revolving Fund Loan Program: Chapter 246-296 WAC
None		Drinking Water State Revolving Fund: Supporting Public Health and Economic Vitality
None		Financial Resources for Water Use Efficiency Improvements
331-344		Funding for drinking water capital improvement projects
331-299		Receivership
331-237		Satellite System Management Agencies: Chapter 246-295 WAC
None		Satellite System Management Agencies: Chapter 246-295 WAC
331-268		WSARP helps local governments maintain safe and reliable drinking water systems
331-210		Arsenic Treatment for Small Water Systems
None		Backflow Prevention Assembly Field Test Procedures Approved for Use in Washington State
331-217		Certified Water Works Operators
331-343		Chlorine contact time for small water systems
331-209		Consumer Confidence Reports
None		Cross Connection Control
331-011		Drinking Water Operating Permits
331-244		Existing System Approval (ESA): Workbook
331-245		Existing Systems Approval (ESA): General Information and Workbook Instructions
331-243		Group B Project Report: Safe Drinking Water for Small Communities
331-120-5		Guideline 5: Meter Reading and Leak Repair
331-077		Guideline for Group B Public Water System Approval
331-072		Guideline for Group B Public Water System Approval: Appendices
331-339		How enforcement affects operating permits
331-044		How to Hire an Engineer
331-275		Keeping your drinking water safe
331-285		Long Term 1 Enhanced Surface Water Treatment Rule

Publication Number	# of copies	Title of Publication
331-040		Mandatory Language for Drinking Water Public Notification
None		Metering: The First Step to Improving Efficiency
331-168		Operating Permits for Drinking Water Systems
331-238		Preparing for a Sanitary Survey: Information to Help Small Water Systems
None		Reducing Unaccounted for Water
331-338		Responding to Pressure-Loss Events
331-249		Sanitary Protection of Reservoirs--Hatches
331-250		Sanitary Protection of Reservoirs--Vents
331-197		Sanitary Surveys of Drinking Water Systems
331-311		Shut-down Procedures for Seasonal Non-Community Water Systems
331-232		Simple Fixes for Wellhead Openings
331-312		Small Water System Start-up Shut-down Self-Inspection Checklist
331-310		Start-up Procedures for Seasonal Non-Community Water Systems
None		System Water Audits
331-353		Third Party Qualified Sanitary Surveyors
None		Third Party Sanitary Survey Program
331-296		Tips for preparing user friendly consumer confidence reports (PDF 352 KB)
331-348		Top Ten Reasons for Health Advisories
331-290		Training for water system boards and commissions
331-342		Troubleshooting Bladder Pressure Tanks
None		Unrepaired Leaks Can Be Costly
331-284		Water Quality Self-Assessment: A preliminary guide for testing school water quality
331-283		Water System Capacity
331-278		Water system capacity development program: Demonstration, implementation and evaluation of authorities to ensure new system capacity
331-277		Water system capacity development strategy for existing water systems
331-024		Water System Evaluation and Disinfection
331-322		Water System Liability
331-218		Contract Water Works Operators
331-281		Distance Education Reimbursement
331-267		Operator Certification Exam Results
331-186		Relevancy of Training for Certified Water Works Operators
331-108		Water Works Operator Certification: WAC 246-292 (PDF 114KB)
331-152		Abbreviated Coordinated Water System Plan Guidance
331-137		Backflow Prevention Assemblies Approved for Installation in Washington State (2005)
331-137		Backflow prevention assemblies approved for installation in Washington state (2006)
331-008		Conservation Planning Requirements
331-113		Conservation-Oriented Rates for Public Water Systems in Washington: Report to the Legislature

Publication Number	# of copies	Title of Publication
331-113		Conservation-Oriented Rates for Public Water Systems in Washington: Report to the Legislature
331-113-1		Conservation-Oriented Rates for Public Water Systems in Washington: Report to the Legislature - Overview
331-113-2		Conservation-Oriented Rates for Public Water Systems in Washington: Report to the Legislature - Technical Appendix
331-234		Cross Connection Control for Small Water Systems
331-104		Financial Viability Manual for New and Expanding Small Water Systems
331-344		Funding for drinking water capital improvement projects
331-243		Group B Project Report: Safe Drinking Water for Small Communities
331-098		Guidelines for Determining Water Availability for New Buildings
331-257		Operating Permit Program Plan Adequacy Table
331-112		Overview of Conservation-Oriented Rate Structures for Public Water Systems--Questions and Answers
331-202		Planning Requirements for Public Water Systems
None		Rate Structures and Efficient Water Use (PDF 73KB)
331-241		Recommendations Regarding Affordability and Sustainability of the State's Drinking Water Systems
None		Reducing Unaccounted for Water
331-171		Report to the Governor: Water System Capacity
331-103		Satellite Management Planning Handbook
331-134		Small Water System Management Program Guide
None		System Water Audits
331-327		Water Rates: Paying for drinking water
331-068		Water System Planning Handbook
331-318		Arsenic in Drinking Water
331-217		Certified Water Works Operators
331-282		Compliance requirements for Group B water systems
331-048		Covenants for public water supply protection
331-355		Cross-connection control rules and definitions
331-011		Drinking Water Operating Permits
331-236		Drinking Water State Revolving Fund Loan Program: Chapter 246-296 WAC
331-317		Emergency drinking water sources
331-347		EPA considers changing small water system affordability variances
331-244		Existing System Approval (ESA): Workbook
331-100		Fire Flow (Water System Coordination Act)
331-010		Group A Public Water Systems: Chapter 246-290 WAC
331-071		Group B Public Water Systems: Chapter 246-291 WAC
331-077		Guideline for Group B Public Water System Approval
331-072		Guideline for Group B Public Water System Approval: Appendices
331-339		How enforcement affects operating permits

Publication Number	# of copies	Title of Publication
331-256		Municipal Water Law: Interim planning guidance
331-307		Municipal Water Law: Proposed Planning and Engineering Requirements
331-228		Office of Drinking Water Fee Schedule
331-267		Operator Certification Exam Results
331-084		Owning and Managing a Drinking Water System
331-202		Planning Requirements for Public Water Systems
331-358		Point-of-use or point-of-entry treatment strategy
331-027		Public Water System Coordination Act Handbook
331-299		Receivership
None		Requirements for Maintaining Group B Water System Compliance
None		Satellite System Management Agencies: Chapter 246-295 WAC
331-237		Satellite System Management Agencies: Chapter 246-295 WAC
331-085		Surface Water Treatment Rule
331-316		Water shortage response plans for small public drinking water systems
331-090		Water System Adequacy Requests
331-333		Water System Coordination Act
331-013		Water System Evaluation and Project Review and Approval Fees: WAC 246-290-990
331-361		Water Use Efficiency Rule - Questions and Answers
331-340		Water Use Efficiency Rule: Implementation Schedule
331-356		Water Use Efficiency Rule: Overview of Changes Made to the Final Rule Language
331-108		Water Works Operator Certification: WAC 246-292 (PDF 114KB)
331-166		When arsenic is detected in drinking water
331-318		Arsenic in Drinking Water
331-210		Arsenic Treatment for Small Water Systems
331-137		Backflow Prevention Assemblies Approved for Installation in Washington State (2005)
331-137		Backflow prevention assemblies approved for installation in Washington state (2006)
331-343		Chlorine contact time for small water systems
331-225		Coliform Sampling Procedure
331-286		Color, taste and odor problems in drinking water
331-282		Compliance requirements for Group B water systems
331-110		Consensus Protocol for Evaluation and Acceptance of Alternate Surface Water Filtration Technologies in Small System Applications
331-209		Consumer Confidence Reports
331-178		Copper in Drinking Water
331-131		Copper in Drinking Water--Position Paper
331-048		Covenants for public water supply protection
331-234		Cross Connection Control for Small Water Systems
331-132		Cryptosporidium in Drinking Water--Position Paper
331-254		Disinfectants and Disinfection Byproduct Stage 1 Rule

Publication Number	# of copies	Title of Publication
331-347		EPA considers changing small water system affordability variances
331-219		General Sampling Procedure
331-216		Groundwater Sources Under the Direct Influence of Surface Water (GWI)
331-223		Haloacetic Acid (HAA5) Sampling Procedure
331-349		Important information for private well owners
331-221		Inorganic Chemical (IOC) Sampling Procedure
331-076		Inventory of Potential Contamination Sources in Washington's Wellhead Protection Areas
331-275		Keeping your drinking water safe
331-111		Lead and Copper Monitoring
331-227		Lead and Copper Sampling Procedure
331-177		Lead in Drinking Water
331-255		Lead in School Drinking Water
331-285		Long Term 1 Enhanced Surface Water Treatment Rule
331-235		Multiple Wells, One Aquifer: How to show many wells draw from the same aquifer
None		Nitrate in Drinking Water
331-214		Nitrate in Drinking Water
331-214s		Nitrate in Drinking Water - Spanish Translation
331-259		Nitrate Public Health Advisory Packet (Blue Folder)
331-222		Nitrate Sampling Procedure
331-309		Nitrate Treatment Alternatives for Small Water Systems
331-130		Nitrates in Drinking Water--Position Paper
None		Nitratos en agua potable
331-358		Point-of-use or point-of-entry treatment strategy
331-230		Potential GWI Sources-Determining Hydraulic Connection Through Water Quality Monitoring
331-231		Potential GWI Sources--Microscopic Particulate Analysis
331-240		Preparation of a Coliform Monitoring Plan for the Small Non-Community Water System
331-326		School Lead Testing Results from 2005 Grant Program
331-311		Shut-down Procedures for Seasonal Non-Community Water Systems
331-312		Small Water System Start-up Shut-down Self-Inspection Checklist
331-310		Start-up Procedures for Seasonal Non-Community Water Systems
331-224		Synthetic Organic Chemical (SOC) Sampling Procedure
331-001		Taking Water Samples for Complete Inorganic Chemical Analysis
331-261		Testing for lead in school drinking water systems
331-359		The Source Monitoring Waiver Process
331-226		Total Trihalomethane (TTHM) Sampling Procedure
331-056		Uranium and Radon in Drinking Water
331-220		Volatile Organic Chemical (VOC) Sampling Procedure
331-148		Washington State's Source Water Assessment Program (SWAP)

Publication Number	# of copies	Title of Publication
331-284		Water Quality Self-Assessment: A preliminary guide for testing school water quality
331-262		Water Sampling: What we test for and why
331-024		Water System Evaluation and Disinfection
331-018		Wellhead Protection Program Guidance Document
331-106		Wellhead Protection Requirements
331-268		WSARP helps local governments maintain safe and reliable drinking water systems
