The Most Recent Change Since the Last Bulletin is:

In Island County, the west side of Whidbey Island from Bush Point north to the Skagit County line is open to all species of shellfish and the east side of Whidbey Island to the west side of Camano Island from Sandy Point north to Ala Spit, including Holmes Harbor, Penn Cove and Skagit Bay are closed to butter and varnish clams only.

The following beaches are CLOSED to the recreational harvest of the species listed. All species means clams (including geoduck), oysters, mussels and other invertebrates such as the moon snail. All areas are closed for the sport harvest of scallops. The following closures do not apply to shrimp. Crabmeat is not known to contain the PSP toxin, but the guts can contain unsafe levels. To be safe, clean crab thoroughly and discard the guts (butter).
