Goal-Setting Information

Date of Most Recent Public Forum: mm/dd/yyyy

Has goal been changed since last performance report? (Y/N)

Note: Re-establish customer goal every 6 years through a public process

WUE Goals:

Customer Goal (Demand Side):

Note: Your customer goal must identify the measurable water savings over time. Example: "Reduce per person use by 5 gallons per day in 5 years". See DOH Fact Sheet #331-402.

Describe Progress in Reaching Goals:

Estimate how much water you have saved.

- Report progress toward meeting goals within your established timeframe.
- Identify any WUE measures you are currently implementing.
- If you established a goal to maintain a historic level (such as maintaining daily consumption at 65 gallons per day) you must explain why you are unable to reduce water use below that level.

Customer (Demand Side) Goal Progress:

Additional Information Regarding Supply and Demand Side WUE Efforts

- If you established a supply side goal (such as a reduce leakage to 10% in 5 years), identify here and include reduced water loss.
- Include any other information that describes how you and your customers use water efficiently.
