TTY (800) 833-6388 or () 711

Date of intended adoption: 11/03/2014

(Note: This is NOT the effective date)

Purpose of the proposal and its anticipated effects, including any changes in existing rules:

The purpose of this proposal is to establish a health-based methamphetamine decontamination standard of 1.5 micrograms per 100 square centimeters.

Reasons supporting proposal:

The current decontamination standard is based on a consistently achievable detection limit. Since the adoption of the original rule, advances in scientific understanding of the human health effects of methamphetamine indicate that a standard of 1.5 micrograms per 100 square centimeters is a more appropriate health-based decontamination standard.

Statutory authority for adoption:

RCW 64.44.070

Statute being implemented:

Chapter 64.44 RCW

Is rule necessary because of a:

- Federal Law? Yes No
- Federal Court Decision? Yes No
- State Court Decision? Yes No

Has a small business economic impact statement been prepared under chapter 19.85 RCW or has a school district fiscal impact statement been prepared under section 1, chapter 210, Laws of 2012?

Yes. Attach copy of small business economic impact statement.

A copy of the statement may be obtained by contacting:

Name:

Address:

phone

fax

e-mail

No. Explain why no statement was prepared.

A small business economic impact statement was not prepared. The proposed rule would not impose more than minor costs on businesses in an industry.

Is a cost-benefit analysis required under RCW 34.05.328?

Yes A preliminary cost-benefit analysis may be obtained by contacting:
