RE: M&G License #688800

Dear Provider:

The Department completed a full inspection of your Adult Family Home on August 13, 2019 and found that your home does not meet the adult family home licensing requirements listed below.

The Department staff who did the inspection and provided consultation:  
Brooke Reese, Complaint Investigator

**Consultation:**

**WAC 388-76-10530 Resident rights Notice of services. The adult family home must provide each resident notice in writing and in a language the resident understands before admission, and at least once every twenty-four months after admission of the:**

- (1) Services, items, and activities customarily available in the home or arranged for by the home as permitted by the license;
- (2) Charges for those services, items, and activities including charges for services, items, and activities not covered by the home's per diem rate or applicable public benefit programs; and
- (3) Rules of the home's operations.

The home failed to notify one resident of the home's services, charges for services, and rules every two years as required. The Provider stated that he normally completed it annually, and that there were no changes since last reviewed. During an interview with the resident, he stated that he did not have any concerns.

**WAC 388-76-10810 Fire extinguishers.**

- (2) The home must ensure the fire extinguishers are:
  - (a) Installed according to manufacturer recommendations;
