- *The adult family home (AFH) provider must hire, at their own expense, a registered nurse consultant (RNC) by April 29, 2021, not currently or previously associated with the AFH and familiar with AFH licensing regulations, to assist the provider to develop and implement a safe medication management system ensuring:*
  - *Residents receive all medications as prescribed.*
  - *When/how to clarify physician orders.*
  - *How to recognize there are medication discrepancies.*
  - *Assessment of all residents' medication assistance needs and that medication administration is accurate.*
  - *Identify each residents' nurse delegation tasks which require nurse delegation to caregivers.*
  - *Train all caregivers how to complete Medication Administration Records accurately and how to keep them current.*
  - *All caregivers receive training regarding the medication management system.*
  - *The RNC will conduct ongoing monitoring of the medication management system in the AFH.*
  - *The RNC will conduct weekly monitoring visits and submit a monthly report to the Department until the AFH demonstrates consistent understanding and implementation of the medication systems.*
- *The RNC will be available to answer questions by the department.*
- *The AFH provider will provide the RNC with a copy of the July 26, 2019, Statement of Deficiencies report and a copy of these conditions.*
- *The AFH provider must post this Notice of Conditions, with the license, in a visible location in a common use area of the AFH, accessible to residents and visitors.*

These conditions are effective on **April 19, 2021**, and remain in effect until lifted by formal Department of Social and Health Services notice.
