WAC 388-112A-0600 What is continuing education and what topics may be covered in continuing education?

(1) Continuing education is annual training designed to promote professional development and increase a caregiver's knowledge, expertise, and skills. DSHS must approve continuing education curricula and instructors. The same continuing education course must not be repeated for credit unless it is a new or more advanced training on the same topic. However, long-term care workers may repeat up to five credit hours per year on the following topics:

- (a) Bloodborne pathogens and infection control;
- (b) CPR training;
- (c) First-aid training;
- (d) Food handling training;
- (e) Health insurance portability and accountability act (HIPAA);
- (f) Medication assistance;
- (g) Disaster preparedness;
- (h) Aging sensitivity;
- (i) Resident rights as it relates to caregiving issues in chapter 70.129 RCW;
- (j) Resident safety;
- (k) Abuse and neglect identification and mandatory reporting; and
- (l) Topics where the assisted living facility, enhanced services facility, or adult family home can demonstrate a need for retraining.
