Our activities are based on client preferences and abilities. This is our client's home , if they would like to be involved with normal house hold activities we would encourage this. This might include assisting with meal preparation, gardening, folding laundry just like they would feel at home. Other activities would include puzzles, painting, music, holidays and birthday celebrations, BBQ nights on our deck or going for walk. Preferred hobbies and activites would be learned during a detailed assessment of each client prior to admission. We would try to provide activites that would match with what clients have loved doing in the past. In my experience as a care giver I have learned that each of us needs a purpose, no matter how big or small purpose provides motivation and inspiration for our lives. It is our job to find out what our clients purpose is and assist them in fulfilling it.
