RE: Later Years Two LLC License #751419

Dear Provider:

The Department completed a full inspection of your Adult Family Home on March 5, 2020 and found that your home does not meet the adult family home licensing requirements listed below.

The Department staff who did the inspection and provided consultation:
Kathleen Edder, Adult Family Home Licensur

Consultation:

WAC 388-76-10480 Medication organizers. The adult family home must ensure:

(1) A licensed nurse, pharmacist, the resident or the resident's family member fills a resident's medication organizer;

One of four caregivers (Staff B) filled the medication organizer for one of two residents (Resident #1) who used medication organizers when the resident's family member failed to fill the organizer. The resident had taken medications as prescribed from the organizer at 6:00 AM on 02/27/2020 only. There was no harm to the resident. The Entity Representative immediately put the organizer in the locked medication cabinet and instructed staff to administer the medications from the original labeled medication bottles.

You Must:

- Begin the process of correcting the deficiency or deficiencies immediately; and
- Complete correction as soon as possible.

You Are Not:

- Required to submit a plan-of-correction for the deficiency or deficiencies found.

The Department May:

- Inspect the home to determine if you have corrected all deficiencies.
