I understand that to maintain an adult family home license I must be in compliance with all the licensing laws and regulations at all times.

WAC 388-76-10025 License annual fee.

- (1) The adult family home must pay the license fee that is established in the state's operating budget, as described in RCW 70.128.060 .
- (2) Each year, the home's annual license fee is due during the same month in which the home was initially licensed. For example, if the home was licensed in June, 2010, then the annual licensing fee will be due in June of each year.
- (3) The home must ensure that the department receives the annual license fee when it is due.
- (4) If the home does not pay the fee when it is due, the department will impose remedies.

This requirement was not met as evidenced by:

Based on interview and facility record review the adult family home failed to ensure the annual licensing fee was paid to the Department by the required payment date. This deficient practice places three of three current Residents (Resident # 1 -3) at risk for displacement from the home by not paying the licensing fee.

Findings include:

All observations and interviews took place on 02/12/2019 unless otherwise noted.

On 01/15/2019 the Residential Care Services Consumer Services Office reported the adult family homes annual licensing fee was due by 11/15/2018, had not been paid.

A tour revealed the home had electricity, phone service, and television. The refrigerator, freezer, and pantry were supplied with food. The Provider and Resident # 1 reported the home had not been without utilities, and food and supplies were available. The provider stated they were not aware they had missed paying the fee and would pay the fee immediately.

Attestation Statement

I hereby certify that I have reviewed this report and have taken or will take active measures to correct this deficiency. By taking this action, L. Paramount AFH, LLC is or will be in compliance with this law and / or regulation on (Date) 2/12/2019 . In addition, I will implement a system to monitor and ensure continued compliance with this cited deficiency.
