RE: GLORY HOMES License #752187

Dear Provider:

The Department completed a full inspection of your Adult Family Home on January 17, 2020 and found that your home does not meet the adult family home licensing requirements listed below.

The Department staff who did the inspection and provided consultation:
Julie Miranda, Nursing Consultant Institutional/AFH Licenser

Consultation:

WAC 388-76-10275 Tuberculosis No testing. The adult family home is not required to have a person tested for tuberculosis if the person has:

(1) A documented history of a previous positive skin test, with ten or more millimeters induration;

Due to a positive Tuberculosis (TB) skin test, Staff D completed a chest x ray dated 09/07/16 with a negative result for Tuberculosis (TB). The adult family home was unable to provide documents regarding any TB skin test results and induration results to determine category for a positive skin test with ten or more millimeters.

You Must:

- Begin the process of correcting the deficiency or deficiencies immediately; and
- Complete correction as soon as possible.

You Are Not:

- Required to submit a plan-of-correction for the deficiency or deficiencies found.

The Department May:

- Inspect the home to determine if you have corrected all deficiencies.

You May:

- Ask for an informal dispute resolution meeting, according to the attached "Informal

Dispute Resolution" instructions; and

- Ask questions and provide written information to help clarify or dispute the deficiencies.

If You Have Any Questions:

- Please contact me at (253) 234-6007.

Sincerely,

Elena Atanasova, Field Manager
Region 2, Unit G
Residential Care Services
