RE: Newport Villa Elderly Care LLC License #753361

Dear Provider:

The Department completed a full inspection of your Adult Family Home on June 14, 2019 and found that your home does not meet the adult family home licensing requirements listed below.

The Department staff who did the inspection and provided consultation:
Adelle Walker, Licensors

Consultation:

WAC 388-76-10430 Medication system.

- (1) If the adult family home admits residents who need medication assistance or medication administration services by a legally authorized person, the home must have systems in place to ensure the services provided meet the medication needs of each resident and meet all laws and rules relating to medications.
- (2) When providing medication assistance or medication administration for any resident, the home must ensure each resident:
 - (a) Assessment indicates the amount of medication assistance needed by the resident;
 - (c) Medication log is kept current as required in WAC 388-76-10475 ;

The adult family home failed to show the home had ensured all of the medication needs of Resident #6 were met when the home failed to show Resident #6's self administration of eye drops was included on resident list of medications, kept a current log of Resident #6's use of the eye drops and also included Resident #6's use of eye drops in their Negotiated Care Plan.

You Must:

- Begin the process of correcting the deficiency or deficiencies immediately; and
- Complete correction as soon as possible.

You Are Not:

- Required to submit a plan-of-correction for the deficiency or deficiencies found.
