**INFORMAL DISPUTE RESOLUTION (IDR) REQUEST MAY BE DENIED**

License #753706

Dear Provider:

This letter is to inform you that the Informal Dispute Resolution (IDR) request received in our office on June 11, 2019 for the Statement of Deficiencies dated May 24, 2019, will be denied, without further process, if you fail to respond to this office's request to set up a date for the IDR by Tuesday July 2, 2019 at 4:00.

Our office made multiple attempts to reach you. On June 19, 2019, we tried both the facility number (fax dial tone received), and your cell with no answer. A voicemail was left on your cell number on June 21, 2019 and we received a fax dial tone on the facility number. A final attempt was made on June 26, 2019 on the facility number (fax dial tone received) and a message of your mailbox being full on your cell number. As stated above, if no call is returned to our office by July 2, 2019 at 4:00 we must deny your request for an IDR.

Please feel free to contact me at (360) 725-3233 should you have any questions regarding this letter.

Sincerely,

Kim Friesz for
