This determination is issued under the authority of the Washington State Clean Air Act, Chapter 70.94 Revised Code of Washington (RCW); the Washington Department of Ecology (Ecology) regulations for the Prevention of Significant Deterioration (PSD) of Air Quality as set forth in Washington Administrative Code (WAC) 173-400-700 through 750. Ecology proposes to rescind the PSD permit authorizing the construction and operation of SGL Composites, LLC (SGL) facility that is currently located on 110 acres of land in the city of Moses Lake, Washington, in Grant County.

**APPROVED BY:**

Rob Dengel
Deputy Air Quality Program Manager
Washington Department of Ecology
Project Summary

On October 16, 2018, SGL submitted a Notice of Construction (NOC) application for a modification of their carbon manufacturing operation located in Moses Lake, WA. SGL indicated in an email dated November 13, 2018, their intentions to work with Ecology’s Eastern Regional Office (ERO) to limit their site-wide emissions below major thresholds for Prevention of Significant Deterioration (PSD). On September 5, 2019, ERO issued Approval Order No. 19AQ-E062 to limit site emissions below major threshold for PSD. In an email dated September 9, 2019, SGL requested Ecology’s PSD programs to rescind PSD Permit 14-02, Amendment 2 for the facility based on Approval Order No. 19AQ-E062 limiting emissions below major threshold for PSD (100 tons per year (tpy)). Ecology is approving the rescission of the PSD permit.

Regulations

In relation to the above equipment and the evaluation outlined in the Technical Support Document (TSD) associated with the rescission of the PSD 14-02, Amendment 2, the Department of Ecology, State of Washington, pursuant to RCW 70.94.152, 40 CFR 52.21(w) makes the following determination:

The SGL carbon manufacturing Moses Lake facility now operates under Approval Order No. 19AQ-E062 that contains the limits and monitoring in prior PSD permit 14-02, Amendment 2, and additional requirements, which will limit emissions below major thresholds for PSD.

THEREFORE, IT IS ORDERED that Approval Order PSD 14-01, Amendment 2 is hereby rescinded. The terms and conditions of PSD 14-01, Amendment 2 are no longer effective on the issuance date of this order. The original authorization to construct has been transferred to Approval Order No. 19AQ-E062.
Approval Conditions

None.

Appeal procedures

This PSD permit, or any conditions contained in it, may be appealed to:

A. The Pollution Control Hearings Board (PCHB) as provided in Chapter 43.21B RCW and Chapter 371-08 WAC.
