

**Notice of Opportunity for Public Comment
Proposed Amendment to PSD Permit
Boeing Everett**

Applicant

Boeing Commercial Airplanes – Everett
P.O. Box 2707, MC 0B-288
Seattle, WA 98124-2207

Project location

3003 West Casino Road – Everett

Proposed project

The Boeing Everett facility manufactures commercial aircraft, specifically models 747, 767, 777, and 787. Boeing Everett asked to change its Prevention of Significant Deterioration (PSD) Permit for the 777X project.

Boeing proposes to establish a higher limit for volatile organic compounds (VOCs) for the 777X wing components fabrication operations during low production period.

PSD increases in pollution (increment to be consumed)

The proposed permit change will not cause or contribute to violations of any national air quality standards or PSD increments requirements. An increment is the amount of increased pollution an area is allowed. It prevents air quality in clean areas from getting worse.

Ecology's proposed decision

Ecology proposes to amend the PSD permit.

Review the proposed permit

The proposed PSD permit and the technical support document are available at:

- https://fortress.wa.gov/ecy/ezshare/AQ/PSD/PSD_Permits.htm

Comment on the proposed permit

Public comment period: March 17, 2021 – April 16, 2021 (to be extended if we hold a public hearing)

Public hearing: Ecology may decide to have a public hearing if someone asks for one.

To comment or request a public hearing:

- Comment or request a public hearing online: <http://aq.ecology.commentinput.com/?id=shgrK>
