Re: Transmittal of Proposed Permit Renewal SWD.2022.1D of the State Approved Land Disposal Site, State Waste Discharge Permit, ST0004500

Due to the continued telework configuration at the Washington State Department of Ecology, the Nuclear Waste Program cannot distribute hard copy letters or enclosures, including DVDs, at this time. All letters are being sent electronically with embedded links to the enclosures.

The enclosures are on Ecology’s website at: https://ecology.wa.gov/Waste-Toxics/Nuclear-waste/Public-comment-periods. The files will be removed following the closure of the public comment period.
