Ms. Joelle Gore
Stewardship Division
NOAA Office for Coastal Management
N/OCM6, Room 10622
1305 East-West Highway
Silver Spring, MD 20910

Dear Ms. Gore:

The State of Washington Department of Ecology, Shorelands and Environmental Assistance (SEA) Program is submitting a routine program change to the Washington Coastal Zone Management Program (WCZMP) for review and concurrence by the National Oceanic and Atmospheric Administration Office for Coastal Management. The program change incorporates the *Marine Spatial Plan for Washington's Pacific Coast* (MSP) which was effective as of June 27, 2018. The MSP includes two new enforceable policies for Coastal Zone Management Act review purposes as well as new Necessary Data and Information pursuant to 15 CFR Part 930.58(2). As the administrator of the WCZMP, the SEA Program requests, pursuant to 15 CFR 923.84, that OCM concur with this determination that the MSP is a routine program change.

In order to facilitate your review, we have included the following documents:

1. The Program Change Analysis
2. The Public Notice of the submission
3. A table including changes considered to be "enforceable policies" and describing the necessary data and information
4. A PDF version of the 2018 "Marine Spatial Plan for Washington's Pacific Coast"

If you have any questions regarding this submittal, please contact me at (360) 407-6224 blyn461@ecy.wa.gov or Therese Swanson at (360) 407-6789 tswa461@ecy.wa.gov.

Sincerely,

Brian Lynn, Coastal Section Manager
Shorelands and Environmental Assistance Program
Department of Ecology
