Wahkiakum and Cathlamet SMP Update (Map 59):
Reach Breaks - Town of Cathlamet

Reach Breaks derived from the following Data:
NHD 2012
NLCD 2011
LCEP Landcover 2012
WA State 303d listed streams 2012
Cathlamet Zoning Designations

Different colors were only used to distinguish between reach breaks on a larger scale i.e. County-wide. Additionally, SMA jurisdiction extends to the County-line mid-Columbia River. However, the reach breaks, as drawn, do not cover areas in the Columbia River. Town of Cathlamet reach breaks are largely based on zoning but also factor in other environmental and land use characteristics.
