NOTE(S):
1. City Shoreline jurisdiction extends waterward to the centerline of any adjacent waterbodies.
2. The FEMA 100 year flood plain is shown for reference when considering adjacent wetlands only. The 100 year flood plain is shown from FEMA PIRM Panel mapping current as of 12/16/2015 and will be confirmed at the time of development application.
3. Critical Areas are mapped in the City of Kalama critical areas maps, adopted by reference in Appendix "B" Section 15.02.110, of the Shoreline Management Program of 2021. Critical area presence or boundaries will be confirmed through a Critical Areas Permit Review as detailed in Exhibit "B" at Section 15.02.090.
