

SHORELINE MASTER PROGRAM PERIODIC REVIEW

Town of Yarrow Point Periodic Review Checklist. The Town’s Shoreline Master Program became effective in April, 2017. The Town is fully developed as a residential community (approximately 400 properites with 1,000 residents), two road end public areas along Lake Washington, Morningside Park, and the Wetherill Nature Preserve. The Town anticipates that no changes will be necessary to the SMP, as the Program is in compliance with applicable state laws and regulations and has been in effect for less than two years. Through December 2018, the Town has notified stakeholders of the upcoming review of the Program, invited involvement, and discussed the review requirements with the Planning Commission.
