Errata

For the Construction Stormwater General Permit Issued on November 19, 2025 and effective on January 1, 2026

February 5, 2026

Numbering

Ecology has corrected one area in S2, and two areas in S4.B where numbering was out of order, or numbers were duplicated due to formatting.

For example, S4.B contained S4.B.1&2 twice:

S4.B Original inaccurate numbering: S4.B.1,2,1,2

S4.B Corrected numbering: S4.B.1,2,3,4

ERTs contacts

The ERTS contact number for NWRO was corrected.

Added Low Dissolved Oxygen

Ecology added low dissolved oxygen to the impaired waters list in S4.C.5

Definition

Ecology has changed the definition of Groundwater Discharge Point from “industrial” to “construction” for clarification

Groundwater Discharge Point (or Discharge to Groundwater) means the location where stormwater associated with construction activities enters a stormwater infiltration structure that is used, intended or designed to infiltrate water into the ground

Removed “Draft”

Ecology removed the word “Draft” in the footer.

ADA Statement

The Department of Ecology is committed to providing people with disabilities access to information and services by meeting or exceeding the requirements of the Americans with Disabilities Act (ADA), Section 504 and 508 of the Rehabilitation Act, and Washington State Policy #188.

To request ADA Accommodation, contact Water Quality Reception at 360-407-6600. For Washington Relay Service or TTY call 711 or 877-833-6341. Visit Ecology's ADA Accessibility web page[1] for more information.

For document translation services, call Water Quality Reception at 360-407-6600.

Para publicaciones en español, por favor llame a la Recepción de Calidad del Agua al 360-407-6600.
