Submit a Notice of Termination Form to the Department of Ecology when the Permittee meets one or more of the three (3) conditions below. NOTE: *Your site remains under permit and is subject to all permit conditions until your termination is effective.*

1. All discharges with the activities that are authorized by this permit have ceased because the activity has ceased, and no potential source of pollutants remains at the hatching or rearing facility to produce discharge.
2. The party responsible for permit coverage (signatory to application) sells or otherwise legally transfers responsibility for the activity at the hatching and rearing facility.
3. All discharges with the hatching or rearing activity have been eliminated because that discharge has been redirected to a sanitary sewer system operated by a municipality with a delegated pretreatment program, provided the Permittee has received a discharge authorization from the delegated municipality and authorization from all other applicable local sewerage authorities.

Instructions for Completing the Notice of Termination Form

- I. **Permit number:** Write the permit number in the upper right hand corner.
- II. **Facility address:** Print facility's official/legal name and provide facility street address and county. Facilities that do not have a street address must provide a legal description.
- III. **Billing Address:** List where Ecology should send the final fee invoice. This information may or may not be the same information requested in Section II.
- IV. **Justification for termination:** Note the date operations ended. Briefly explain why you are seeking permit termination. You can include a transmittal letter outlining the reasons.
- V. **Certification of permittee:** Permittee, please read Certification of Permittee(s) carefully. The permittee shall clearly print their name, then sign and date on the lines provided. Refer to General Condition G2, in the permit for signatory requirements.
