Subject: Request for partial withdraw of license revision request from 1/14/2015 letter (15-ECD-0003)

Randy:

As discussed yesterday at the 3/10/2015 RTAM, this email serves to partially retract the license revision request submitted by ORP on January 14, 2015 in letter number 15-ECD-0003. The subject letter contained two license revision requests, one for the 222-S laboratory (EU 254, 296-S-21) and one for the AN and AW tank farms (EUs 735, 736, 855, and 856).

Per discussion at the RTAM, the 222-S Laboratory (EU 254) revision needs to be completed.

The revision for the AN and AW tank farms (EUs 735, 736, 855, and 856) is hereby retracted and will be discussed further during the upcoming PIC 1 LEAN meetings.

If you have any questions, please let me know.

Thank You,
