

ORP Acceptance of WDOH Approval Conditions

WDOH Letter Number: AIR-5708 and AIR 13-801

ORP Letter Number: _____

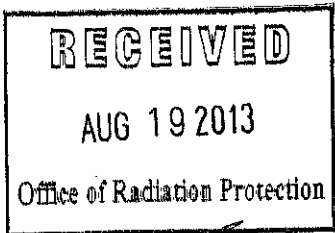

Title of NOC Application: Installation and Operation of Breather Filters on Miscellaneous Tanks
Revision
Installation and Operation of Breather Filters on DERT's

The subject letter from the Washington State Department of Health has been reviewed by the U. S. Department of Energy-Office of River Protection (ORP). The approval conditions have been evaluated by BNI and ORP and any necessary clarifying discussions have been held with WDOH. Based on this evaluation, and clarifying discussions held with WDOH, the approval conditions are:

Accepted Not Accepted

Approval Signature Dennis Bowser Date 8-19-13
(Dennis Bowser, or approved alternate)

(Note: If the approval conditions are not accepted, no work shall proceed under the subject NOC and a formal written appeal of one or more approval conditions shall be made with twenty-eight calendar days of receipt of the final approval conditions from WDOH. If the approval conditions are accepted, work can proceed under the subject NOC upon WDOH receipt of a copy or facsimile of this signed form.)
