

EXPLANATION

- July 2008 groundwater sample
- September 2008 groundwater sample
- July 2008 surface water sample
- September 2008 surface water sample

* For groundwater samples the analytes with asterisks were field filtered and thus represent the dissolved sample fraction. All surface water samples with the exception of ortho-phosphate and organic carbon were not filtered and represent total sample fractions.

Note: The groundwater samples for sites P7 and P13 were collected in July 2009. The corresponding surface water samples were collected during the July 2008 synoptic survey.

RADAR PLOTS FOR WATER QUALITY SAMPLES COLLECTED FROM AREA WELLS, INSTREAM PIEZOMETERS, AND STREAMS DURING THE JULY AND SEPTEMBER 2008 SYNOPTIC SURVEYS OF BURNT BRIDGE CREEK
