Definitions

"Covered electronic product" or "CEP" includes any one of the following four types of products that has been used in Washington state by any covered entity, regardless of original point of purchase:

- (a) Any monitor having a viewable area greater than four inches when measured diagonally;
- (b) A desktop computer;
- (c) A laptop or a portable computer; or
- (d) Any video display device having a viewable area greater than four inches when measured diagonally.

"Covered electronic product" does not include:

- (a) A motor vehicle or replacement parts for use in motor vehicles or aircraft, or any computer, computer monitor, or television that is contained within, and is not separate from, the motor vehicle or aircraft;
- (b) Monitoring and control instruments or systems;
- (c) Medical devices;
- (d) Products including materials intended for use as ingredients in those products as defined in the federal Food, Drug, and Cosmetic Act (21 U.S.C. Sec. 301 et seq.) or the Virus-Serum-Toxin Act of 1913 (21 U.S.C. Sec. 151 et seq.), and regulations issued under those acts;
- (e) Equipment used in the delivery of patient care in a health care setting;
- (f) A computer, computer monitor, or television that is contained within a clothes washer, clothes dryer, refrigerator, refrigerator and freezer, microwave oven, conventional oven or range, dishwasher, room air conditioner, dehumidifier, or air purifier; automatic teller machines, vending machines or similar business transaction machines; or
- (g) Hand-held portable voice or data devices used for commercial mobile services as defined in 47 U.S.C. Sec. 332 (d)(1).

"Direct processor" means a processor contracted with a CEP recycling plan to provide processing services for the plan.

"Electronic product" includes any monitor having a viewable area greater than four inches when measured diagonally; a desktop computer; a laptop or portable computer; or any video display device having a viewable area greater than four inches when measured diagonally.

"Processor" means an entity:

- (a) Engaged in disassembling, dismantling, or shredding electronic products to recover materials contained in the electronic products and preparing those materials for reclaiming or reuse in new products in accordance with processing standards established by WAC 173-900-650; and
- (b) That may salvage CEPs, components, and parts to be used in new products.
