

Notice of Intent

Pilot Use Level Designation Technologies

Treatment Facility Vendor Information			
Company:		Contact Name:	
Business Phone:	Fax (optional):	Street Address:	
Company Web Address:			
Email:	City:	State:	Zip+4:
Facility Name and Size:			
Development Level Designation Sought:			
Target Pollutants:			

Project Information	
Project Name:	Contact Name:
Local Agency with Jurisdiction:	Street Address:
Desired Installation Date:	City:
Project Type:	
Facility Discharge Receiving Water:	
Describe Proposed Testing Plan (e.g. number storms, parameters, test period, who will do work, etc.):	

Local Government Certification and Acceptance		
Printed/Typed Name	Agency	Title
Signature		Date

Submit completed forms to the following address:

Washington Department of Ecology – TAPE Coordinator
Water Quality Program
PO Box 47696
Olympia, WA 98504-7696

If you have questions about this form, contact the following Ecology staff:

Douglas Howie at (360) 407-6444 or douglas.howie@ecy.wa.gov

Background Information

Local governments with a National Pollutant Discharge Elimination System (NPDES) permit must submit this Notice of Intent Form to Ecology, and receive Ecology's approval prior to installing a pilot-designated technology (except in retrofit situations). All other jurisdictions are also encouraged to notify Ecology when a Pilot Use Level Designation (PULD) technology is proposed.

Local governments may allow PULD technologies to be installed **provided that** the vendor and/or developer agree(s) to conduct additional field testing based on the TAPE at **all** installations to obtain a general use level designation (GULD). Field-testing must be completed at a minimum of one site in the Pacific Northwest* to obtain a general use level designation.

** Pacific Northwest refers to locations in Washington, Oregon, Northern California or British Columbia with rainfall distributions typical of a Pacific Northwest maritime climate, where long duration, low intensity storms predominate and stormwater contains mostly silt sized particles.*
