

Washington State Wetland Rating System for Western Washington: 2014 Update
(Ecology Publication #14-06-019)

As of July 15, 2014, we are currently addressing some typographical errors in the June 2014 version of this document. The corrected version will be posted on the website as soon as we complete the corrections.

In the meantime, please continue to use the annotated Versions of the 2004 Rating Systems and forms, which can be found on this web page:

Thank you to those of you who have written to us with questions and comments that have helped to alert us to some of the errors.

We will send a message to Ecology's Wetlands Information listserv when the corrected documents and forms have been posted. You can sign up for the listserv here:
