

# Application for Streamlined Processing of FISH HABITAT ENHANCEMENT PROJECTS Addition to the Joint Aquatic Permit Application (JARPA)

Under RCW 77.55.181 you may qualify for a streamlined permit process with no fees if your project is designed to enhance fish habitat. If your project meets the requirements below, you are entitled to the streamlined Hydraulic Project Approval (HPA) process, exemption from the State Environmental Policy Act (SEPA), and exemption from all local government permits and fees. To apply for the exemption process, you must provide, on the same day, a complete application package to: the Department of Fish and Wildlife (WDFW) and all applicable local government planning and permitting departments. Local governments have 15 days to provide comments to WDFW to aid it in deciding whether your project qualifies (see below for details).

*To QUALIFY for the fish habitat enhancement exemption you must check at least one each from A and B and provide a letter of approval from one of the agencies listed in B. It is highly recommended you discuss your proposal with the local Area Habitat Biologist (AHB) prior to submitting your application.*

A) My project (check all that apply):

- Removes a **human-made** fish passage barrier
- Restores an eroded or unstable stream bank using **bioengineering techniques**
- Places woody debris or other in-stream structures that **benefit naturally reproducing fish stocks**

B) My project is approved by (check all that apply):

- WDFW's Salmon Enhancement, or Volunteer Cooperative Fish and Wildlife Enhancement Programs
- The sponsor of a watershed restoration plan as provided in chapter 89.08RCW
- WDFW, as a department-sponsored fish enhancement or restoration project
- Conservation District, where the project complies with design standards established by the Conservation Commission through interagency agreement with the United States Fish and Wildlife Service and the Natural Resource Conservation Service
- A formal grant program established by the legislature or the Department of Fish and Wildlife for fish habitat enhancement or restoration.

*To APPLY for the Exemption, submit a complete application package consisting of the following documents to the local government planning department and WDFW and indicate below which local government agency you are sending your application to and when you are sending it.*

Required application materials:

- This addition to the JARPA
- A completed JARPA 2010
- Plan drawings (no larger than 11 x 17 format)
- Letter of approval of your specific project from one of the agencies listed in B, above

*I am sending my application to the following local government planning department:*

*xx/xx/20xx*

*on: (Date)*

## PLEASE NOTE:

- In addition to applying for this streamlined processing, you need to apply for all other applicable Federal and State permits identified in the JARPA.
- If WDFW determines that your project meets the fish habitat enhancement exemption criteria, SEPA and all local government permits and fees are waived. WDFW will process your HPA within 45 days of receiving your complete application.
- If significant concerns are raised during the 15-day comment period regarding adverse impacts from your project that cannot be addressed through HPA conditions, WDFW may determine that the project does not qualify for the exemption process. If WDFW makes that decision, you may re-apply to WDFW, the applicable local government, and any other applicable permitting agency for approval under the full permitting process. If WDFW determines that your project does NOT qualify for the exemption, or if your application is incomplete, you and the local government planning department will be notified.
