

## New Free E-Waste Recycling Locations!

This information is subject to change and additional locations will be available in the future. For the latest information please visit [www.ecyclewashington.org](http://www.ecyclewashington.org) or call 1-800-RECYCLE.

As of January 1, 2009 the following locations are participating in the manufacturer's product stewardship program for electronics, and will accept limited quantities (typically 3 units per customer per visit) of computers, laptops, monitors and televisions from qualified customers at no charge. See brochure for details.

Please call first to learn of any restrictions or recommendations on when to arrive. Please be patient as this new program gets started—if collection locations are full and cannot temporarily accept more equipment, you may be asked to return at another time. E-Waste LLC near Everett anticipates no capacity issues and will accept up to 9 units per customer per day.

### Arlington

- **North County Recycling and Transfer Station**
