

NEW! Recycling Food Scraps Just Got Easier!

Did You Know?

If you live in a house in Redmond* you can recycle your food scraps by putting them in your yard waste cart. They will be turned into compost for gardening and landscaping.

Now food scraps recycling just got easier!

With your free food scraps kitchen pail you will receive a free sample roll of compostable bags. Use the bags in your food scraps pail and throw them into the yard waste cart – they will also be turned into compost.

ONLY approved compostable bags can be placed in your yard waste cart.

For more information about approved bags visit www.recyclefood.org. To order your free kitchen pail and sample roll of compostable bags (or, if you already have a pail and would like only a sample roll of bags) please call 425-556-2897.

GET YOUR **FREE** FOOD SCRAPS KITCHEN PAIL AND COMPOSTABLE BAGS!

*Only residents inside Redmond City limits are eligible for this offer. Funded in part by a grant from the Washington State Department of Ecology.

Recycle Food Scraps... They're Not Garbage Anymore!
