

**Safely Dispose of
Unused Medicines...**
**to protect your family,
community and the
environment!**

**Please don't put unused
medications in the
garbage or flush them
down the drain or toilet.**

**Free, safe, easy
disposal is available
at law enforcement
locations throughout
Snohomish County!**

**Find details at
www.medicinereturn.com
or call 425-388-3199**

Proper medicine disposal prevents confusing old drugs with current prescriptions and avoids accidental poisonings, overdoses, theft and other misuse of medications.

Don't store unneeded medicines in your home and don't dispose of them in the garbage or by flushing. Flushed medicines can pollute our surface and ground water.

Safely dispose of unused medications for free at law enforcement locations throughout Snohomish County. For details and locations, visit www.medicinereturn.com or call 425-388-3199.

Snohomish County Partnership for Secure Medicine Disposal

Protecting our community from harm by collecting unwanted prescription medicines from residents

SNOHOMISH
