**Recycle Food Scraps and
 Save Money on Your Garbage Bill**

Lower your garbage bill
 by recycling and composting.
 Typical restaurants can
 divert up to 95% of their
 waste stream.

Are you overpaying for your garbage service?

Sign up for food scrap recycling today and take advantage of a limited time offer from Snohomish County. When you sign up, you will receive:

- A free review of your garbage bill to identify potential savings
- Free consultant services
- Free educational posters, stickers, and employee training

Why waste a good thing?

Food compost collection is now available for businesses in Snohomish County. Now your business can put compostable kitchen scraps and your yard waste in a separate container for off-site composting. We'll show you how.
