

Power out?

**Don't throw out
your perishable
inventory –
donate it!**

No power? No problem!

When the power goes out or refrigeration equipment breaks, restaurants and other food providers throw out a large portion of their perishable inventory.

Why waste good food when you can donate it to the Thurston County Food Bank? Our generators will keep your valuable donations fresh.

Your donation not only supports your community, it's tax deductible!

Contact the food bank at (360) 352-8597 to arrange delivery for your donations or discuss the possibility of a pickup.
