

# Recycle

## REDUCE:

**Shop for durable items and avoid over-packaged products.**

- Buy foods in bulk instead of small packages. This saves money too!
- Avoid disposable items that are tossed after only being used once.

## REUSE:

**Choose things you can use again and again.**

- Bring your own bags each time you shop for groceries.
- Take along a refillable water bottle or travel mug.

## RECYCLE:

**Paper, bottles, cans and more.**

- Do not put these in the garbage. That wastes energy and raw materials.
- Cans and papers are made into new products.

## BUY RECYCLED ITEMS:

**New products come from the things you recycle.**

- Look for items that contain recycled content or that are rebuilt or remanufactured.
- Buy recycled items to “close the recycling loop”!

# Recycle More! It's Easy!

These clean recyclables go in your designated recycling containers.

## Clean Paper and Cardboard

Flattened cardboard, newspapers, inserts, magazines, catalogs, phonebooks, paperback books, mail (*window envelopes ok*), paper bags, food boxes and frozen food boxes.

## Paper Cups and Cartons

Clean paper cups, milk cartons, juice cartons and juice boxes. (*Rinse out, no caps.*)

## Plastic Containers

Plastic cups, bottles, jugs and tubs. (*Clean and no lids.*) **Plastic bags are not accepted.**

Ignore the numbers; recycle plastics by shape!

## Glass Bottles and Jars

Bottles and jars, all colors and sizes. (*No caps or lids, labels ok.*)

## Aluminum, Tin Cans, and Clean Scrap Metal

Aluminum and tin cans, empty aerosol cans, scrap metal and small metal appliances (*limit 2x2x2 ft, 35 lbs*). Please rinse and empty cans.

**Not Sure What's Recyclable?**

**When in Doubt,  
Check it Out!**
