

# GOING GREEN IS EASY

The City of Federal Way and Waste Management have teamed up to provide FREE recycling education materials and services for your business!

Our goal is to help encourage participation in your recycling program by providing you and your tenants or employees with the right tools and materials.

To request educational materials, sign up for a site visit or business recycling workshop, email [recyclenw@wm.com](mailto:recyclenw@wm.com) or contact Waste Management Customer Service at 1-800-592-9995.

## FREE Recycling Materials & Educational Services

- Site visits
- Service level review to right-size your garbage and recycling
- Recycling, compost/food waste and garbage posters
- Waste assessment/audit
- Education materials in other languages
- Professional recycling workshops for property managers, tenants and employees
- Interior collection containers for recycling and compost/food waste

## DID YOU KNOW?

In the City of Federal Way, each business can receive up to two 96-gallon recycling carts at no additional cost with garbage service. This includes businesses that share garbage service and individual businesses located within a business park or commercial building. By right-sizing your garbage service, and recycling everything that can be recycled, your business can save money!

Call Waste Management today at 1-800-592-9995 to start or increase recycling service.

Sincerely,

Your Waste Management Education Team
