RE: Your temporary trust water right donation of Ground Water Certificate G1-20398C –
Originally accepted on December 16, 2009

Dear Mr. Woodbury:

**PER YOUR JANUARY 14, 2019, REQUEST - THIS IS A 10 YEAR EXTENSION
VALID THROUGH DECEMBER 16, 2029 – ALL EXTENSION UPDATES ARE
SHOWN IN BOLD TYPE**

The purpose of this letter is to acknowledge the acceptance of your donation to the Washington State Trust Water Right Program. This trust water right has been assigned the control number CG1-20398C@1. Please refer to that number when corresponding with us about this trust water right.

The Department of Ecology (Ecology), pursuant to RCW 90.42.080(1)(b), acknowledges your donation in the amount of 45 gallons per minute and 18.6 acre-feet per year. The purpose of the donation is to benefit aquifer storage and instream flow in Newaukum Creek (tributary to the Green River). As per your **extension** request, this temporary donation will expire on December 16, **2029**, or upon written notification of termination by the City.

Ground Water Certificate G1-20398C issued to the City of Enumclaw, with a priority date of January 5, 1973. It authorizes the groundwater withdrawal of 45 gallons per minute and up to 18.6 acre-feet per year, for multiple domestic supply, year-round. The authorized point of withdrawal is located within the SE¼ of Section 2, Township 20 North, Range 6 East, W.M. The recorded place of use is: All of the plat of Y-Bar-S Ranchettes within Sections 1 & 2, Township 20 North, Range 6 East, W. M., King County, Washington.

RCW 90.42.080(4) specifies that a donated water right cannot exceed the extent to which the water right was exercised during the five years before the donation. Documents supplied with your application testify to full use of water within the most recent five years **prior to 2009. As per RCW 90.42.040(4)(c), a trust water right acquired by the state and held or authorized for beneficial use by the department is considered to be exercised as long as it is in the trust water rights program. Your water right has been exercised in the trust program since December 16, 2009.** As such, Ecology accepts your water right into the trust program at full face value.

In accordance with RCW 90.42.040(6), RCW 90.14.140(h), and RCW 90.14.215, a water right is not subject to relinquishment while it is managed within the trust water right program.

Ecology's acceptance of the donated water right into the trust water right program is not evidence of the validity or quantity of the right. When the period of trust ends, the water right will revert back to the water right holder or landowner in the full quantity accepted into the trust water program and for the original purpose.

If, prior to expiration of this temporary donation, you would like to extend the donation, please send us a written request. Also, if you wish to modify any terms of your donation, your letter must include the new terms. Ecology will review your request and any new or modified terms and conditions and will notify you whether the donation can be extended.

If you have any questions or concerns, please call Buck Smith at (425) 649-7147 or email him at buck.smith@ecy.wa.gov.
