

List of Certified Water Right Examiners

**Water Resources Program
Updated July 31, 2019**

Certified water right examiners are hired by water right permit and change authorization holders to conduct a proof examination so that they may receive a water right certificate for their fully developed water right. If Ecology has instructed you to hire a certified water right examiner, you may select anyone on this list serving your county to perform your proof examination. If you have printed this list, remember that the most current list is always available at <https://fortress.wa.gov/ecy/wrx/wrx/fsvr/ecylcyfsvrfile/WaterRights/wrwebpdf/cwre-list.pdf>.
