SECTION MAP

Sec. 23 Twp. 27 N. R. 19 EWM

Scale: 1 inch = 800 feet (each small square = 10 acres)

Show by a cross (X) the location of point of diversion (surface water source) or point of withdrawal (ground water source). For ground water applications, show by a circle (O) the locations of other wells or works within a quarter of a mile.

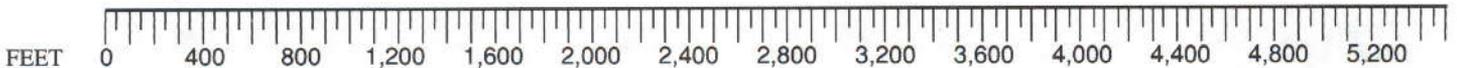

Indicate traveling directions from nearest town in space below.

Present point of diversion is 16.7 miles up the Entiat River Road, turn into drive way at blue house and go to large brown metal shed.

Requested point of diversion is 1 mile further up the Entiat River Road, on the right (east) side of road

Detach here

Fold along scale

Detach this scale at the performance, fold excess paper under or cut off excess by cutting along the scale line. This scale corresponds to the SECTION MAP above. You can read feet directly from this scale to outline property and locate points of diversion or withdrawal on the SECTION MAP. Enclose this map along with the application and \$10.00 examination fee.

see enclosed topog. map.

INSERT MAP

Your water right application will be processed by the Regional Office of the Department of Ecology having jurisdiction in the area in which your water works are located. **Please submit your completed application form, maps, sketches, and \$10.00 examination fee to the appropriate Regional Office.**
