REMARKS

7. My wife and I & 8 children just bought this farm. The house was built in the early 1920's. It is our understanding that this water has been used continually for household use, livestock and sprinkling. The upper water supply bubbles up out of the ground through a big rock, and is contained in a man-made reservoir, which is about 40' across & 8 or 9 feet deep & is rock lined. There is one of these reservoirs for each water system.

COMPLETE THIS SECTION ONLY IF THIS APPLICATION INCLUDES IRRIGATION AS A USE
