6. Remarks and Other Relevant Information:

The Andersen irrigation diversion lies within the Lower Entiat River Assessment Unit (RM 0.0-16.2) of the Entiat subbasin. The ESA listed salmonids that utilize the mainstem Entiat River within the Lower AU and project portion of the subbasin include endangered Upper Columbia River spring Chinook (*Oncorhynchus tshawytscha*), as well as endangered steelhead (*Oncorhynchus mykiss*) and threatened bull trout (*Salvelinus confluentus*). Non-listed salmonids such as summer Chinook and Coho, and resident fish species such as westslope cutthroat trout are also found here.

The primary goals of this change are to increase instream pool habitat, reduce fish entrainment, conserve water for instream flows, and improve overall water quality.

This project addresses limiting factors and implements actions recommended in the Entiat WRIA 46 Watershed Management Plan approved in 2004, the Entiat Subbasin Plan, and draft Upper Columbia Salmon Recovery Plan. Therefore, we request expedited processing under WAC 173-152-050(2)(b) and (3)(a).

Concurrent with this application, an Amendment to Water Right Claim (RCW 90.14.065) form is being filed. The WRC 300146 was filed with a clerical error on Qa. There are 6 irrigated acres and it is believed that while Holderness wrote 3 afy, he intended to list 30afy for Qa. We have adjusted the amount to reflect Entiat water duty on fruit, and listed the annual quantity at 24 afy.

IF FOR SEASONAL OR TEMPORARY, START DATE ___/___/___ END DATE ___/___/___

Certain applications may incur a Real Estate Excise Tax liability for the seller of the water rights. The Department of Revenue has requested notification of potential taxable water right related actions and therefore may be provided with a copy of this request.

Please contact the State Department of Revenue for further information. The phone number is (360) 570-3265. The address is: Department of Revenue, Real Estate Excise Tax, PO Box 47477, Olympia, WA 98504-7477.
