7. Remarks and Other Relevant Information:

Exhibits:
Exhibit A: 2004-2009 Instream Lease ROE: CS4-01863CTCL@4
Exhibit B: 2011 and 2012 Order Pendente Lites'

Washington Water Trust is requesting a temporary transfer (change) to a portion of Court Claim No. 01863 with a priority date of June 30, 1886 to instream flow from May 01, 2011 through December 31, 2014.

This Change Application seeks to effectuate a transfer of the 20.04 acres served by the Court Claim as partitioned and modified by ROE No. CS4-01863CTCL@4 to be used exclusively for instream flows for fish maintenance and enhancement, recreational uses and preservation of environmental and aesthetic values as allowed under RCW Chapters 90.03, 90.42, and 90.38. Water use changes associated with this application will provide significant environmental benefits from the Teanaway River to the Pacific Ocean, thus this transfer should receive expedited processing under WAC 173-152-050(2)(b) and (3)(a).

This application is accompanied by two Order Pendente Lites' signed by the Yakima County Superior Court.

Washington Water Trust intends to protect this trust water right as instream flow from the Teanaway River to the Pacific Ocean.

Certain applications may incur a Real Estate Excise Tax liability for the seller of the water rights. The Department of Revenue has requested notification of potential taxable water right related actions and therefore may be provided with a copy of this request.

Please contact the State Department of Revenue for further information. The phone number is (360) 570-3265. The address is: Department of Revenue, Real Estate Excise Tax, PO Box 47477, Olympia, WA 98504-7477.

INSTRUCTIONS FOR APPLICATION TO ENTER A WATER RIGHT INTO THE TRUST WATER RIGHT PROGRAM

NOTE: This application to enter a water right into the trust water right program is used only when a water right is proposed to be entered into the state trust water right program through an acquisition by lease, purchase, or donation and there are no other modifications to the water right being proposed. If other modifications to water right that will remain with the water right holder are proposed, an Application to Change/Transfer a Water Right, Ecology form number 040-1-97 must be filed instead of this form.

NOTE: No fee is required with this application if the proposal results in a donation of a water right to the trust water right program or if the state acquires a trust water right for instream flows or other public purposes.

INSTRUCTIONS

1. **Applicant Information:** Identify the name and contact information for the applicant that is filing the proposal to enter a water right into trust. Provide contact information for the application if it differs from the applicant.
2. **Water Right Information:** Complete the following:
 - Provide the water right document number (i.e., certificate, claim, etc.) and the names of the individuals as identified upon the water right document;
 - Check the appropriate boxes indicating:
 - Whether you are the owner of the water right proposed to become a trust water right. If you are not the owner, identify the owner and the owner's contact information;
 - Whether the water right has been exercised during the past five-years;
 - Whether the water use is measured, and;
 - Provide any information, such as records of measurement, pump electrical consumption records or other information that indicates specifically the extent of water use during the past five-years and general information of the extent of historic water use.
3. **How is Water to be Made Available for Trust?** Indicate what alteration to the existing water use under the water right is planned to make water right available for the trust water right program. Check all boxes that may apply.
4. **Point(s) of Diversion/Withdrawal:** Describe the diversion or withdrawal at the point at which water is taken from a public water body, such as a stream or from a well. If water is taken from a well, attach all existing records of the well.
5. **Purpose of Use: Part A:** Identify the current purposes of water use (i.e., irrigation, stockwater, domestic, etc.) and the season of use (i.e., continuous, year-round, April – September, etc.), as well as the existing quantities of water use as authorized under the water right. **Part B:** Identify any proposed purpose of use and the water quantity intended for use of the water right while in the trust water right program.
6. **Place of Use: Part A:** Describe the legal description (i.e., $\frac{1}{4}$ $\frac{1}{4}$, Section, Township, Range, etc.) of the lands where the water right is currently used. Also, identify whether the applicant is the owner of all the existing place of use. If the applicant is not the owner, provide the name(s) of the property owner(s). **Part B:** Identify the water body or other place that is expected to benefit while the water right is in trust.
7. **Remarks and Other Relevant Information:** Provide any information that further explains the trust water right proposal.
8. **Signatures:** The application must be signed by the applicant, the water right holder, and the land owner of the existing place of water use, if different from the water right holder. Additionally, if the water right is within an irrigation district, the application must be signed by a representative with signature authority for the irrigation district.

Attachment: An attachment is available for continuing the information required within Items 4, 5, and 6.
