Dear Scott,

RE: Trust Water Right donation for GWR No. 15-7182-A

Trout Unlimited recently helped put a portion of a water right owned by Roger and Lynda Olson and Wayne and Regina Olson into the Trust Water Rights Program (TWRP) for the 2010 and 2011 irrigation seasons. **The purpose of the donation to the TWRP was to protect the water as an instream flow right.** The Olsons wish to extend their donation of 56 acre feet to the TWRP for the 2012 irrigation season. They will irrigate 3 acres of property associated with this water right.

Please contact me with any questions.

Sincerely,

Lisa Pelly

Re: Amendment to Agreement to Donate Water Right

Dear Lisa,

In May 2010, we signed an Agreement to Donate Water Right with Trout Unlimited Washington Water Project. The purpose of the agreement was the donation of a portion of our water right from GWR no. 15-7182 to the Trust Water Rights Program for instream flows. The donation was for 52.30 acre-feet.

We wish to add an additional 3.7 acre-feet of our water right into the Trust Water Right Program for 2011.

Thank you for your assistance,
