Since Jaylen transitioned from the  
Enitiat to OCR, he will no longer  
be working on these. The  
applicant requested priority  
processing. Jaylen didn't think  
it was a slam dunk Hill's  
determination - so don't assume  
they automatically qualify under  
enviro benefit. Melissa

Thanks for the update Melissa. That's essentially what I figured regarding the status of those apps. They are not in my queue because I am done in the Entiat. I was poking around because Washington Rivers Conservancy was wondering about the status. I already telegraphed to Aaron that it will take a while and even the "short line" Hillis apps have a long time to wait. Thanks.

I have no idea why these files are on my desk – likely because they say expedited processing requested with a question mark of who next Melissa or Taylor? Taylor are these apps in your queue – I know you are transitioning out of Entiat work? If not I can give them to Breean, who works on priority processing, but there likely won't be any updates soon. Meaning the Hillis line is long and we aren't going to look at these Whitehall apps to make a priority processing determination now, knowing we won't be working on these for well over a year from now. Thanks. Aaron from WRC wanted a status on those. I am guessing that they are waiting for a priority processing determination, which I don't think they will get...

Those files and a couple others for Whitehall are on Mel's desk, but I have no idea why. She is in a meeting right now.

Since the following were addressed to Taylor, I'm assuming Taylor will work on them, but just in case...

CS4-CV1P301@1      Whitehall, Randy & Karin  
CG4-128531CL@1      Whitehall, Randy & Karin (it's supposed to be G4, not S4 as on 2001 app)  
CS4-110313CL@1      Whitehall, Randy & Karin

I've got 'em entered into WRAT. On Helen's desk for setup.

Maybe the Whitehalls decided not to pursue through the ConBoard and instead go with Ecology. Maybe we can get them to withdraw those 4 apps listed in the e-mail below.

Hi Lisa,  
I've received some "priority processing" applications from the Washington Rivers Conservancy for the first 3 Whitehall applications listed below. The following applications have the Chelan Board code and I need to know if they are still in your line up for processing?

CS4-CCV1P301      Whitehall, Randy & Karin (filed in 2001)  
CS4-WRC128531      Whitehall, Randy & Karin (filed in 2001) (has been changed to G4)  
CS4-WRC110313      Whitehall, Randy & Karin (filed in 2001)  
  
CS4-WRC144720      Whitehall, Randy & Karin (filed in 2005)

Thanks. Sandy
