INSTRUCTIONS FOR Application for Change/Transfer of Water Right

We encourage you to contact the Ecology Regional Office in your area to request a **pre-application conference** PRIOR to filing your application. Contacts are listed on the last page of these instructions.

Please type or print clearly in ink

Introduction: You must file an application for change or transfer of water right together with the required fees with the Department of Ecology to propose certain changes to an existing water right or claim. This application may be filed with a County Conservancy Board – the Department of Ecology application fee is not required if filed with a County Conservancy Board; however additional fees will be required. General information about the process and considerations involved in making changes to water rights is available from each Ecology region office. Once an application is filed, a public notice is prepared for publication in at least one designated newspaper at your cost, and the application is made available for review.

- You **must** provide the information requested in this application, as it relates to your proposed change, or the application will be returned to you for completion.
- Spaces bordered with a dark outline are for office staff use in processing the application. Please do not mark within those spaces.
- This application requests information about your actual water use and the changes you propose to make. Please **do not** simply copy information about your water use from a water right document. Inaccurate information about your water use may cause substantial delays in processing a decision on your application.
- If additional space is required, you may attach additional sheets of paper or use the Application Attachment Form that is available at any Ecology regional office or from any County Conservancy Board.

A County Conservancy Board is a board established by the County Commissioners and authorized by Ecology to accept and make recommendations for approval or denial of an application for Change or Transfer of a Water Right. Statutory authority for County Conservancy Boards can be found within Chapter 90.80 RCW.

Applications for Change of Water Right are subject to the State Environmental Policy Act, Chapter 43.21C Revised Code of Washington and Chapter 197-11, Washington Administrative Code.

Check the type of change proposed: For your convenience, boxes are located within the upper left-hand corner on the first page of the application form. The following are instructions for completing the boxes that indicate the type of changes that are proposed. The boxes found on the application form are shown in example No. 1.

(Check all that apply.)

- Change purpose(s) of use
- Add purpose(s) of use
- Change point(s) of diversion/withdrawal
- Add point(s) of diversion/withdrawal
- Change/transfer place of use
- Other (i.e. consolidation, intertie, trust water)

Explain: _____

Example No. 1

Check the boxes to indicate the changes that are proposed. You may mark as many types of changes as are appropriate, but you must mark at least one box. If none of the boxes provided appear to represent the change or transfer that you wish to propose, please contact the appropriate regional office shown on the last page of the form for assistance. If you mark “other,” you **must** describe the change that you propose. Possible explanations are that the application proposes “consolidation” of a water use exempt from permitting requirements with a water system for which a certificate of water right has issued; that the application proposes to “intertie” two or more public water supplies; or that you propose to enter a water right into the “trust water right program.” The space for explanation may also be used to further explain any proposed change. If additional space is needed to fully explain the intent of the application you may add attachments.

In the following, the number preceding the instruction refers to the corresponding section of the application.

1. Applicant Information: Provide the name in which the application is being filed and the mailing address and telephone number(s) through which the applicant may be reached. The address and phone number provided will be the only address that will be used to contact the applicant unless an alternate contact person is listed.

Provide the name of the person(s) that should be contacted regarding the application, if contact should be made to someone other than the listed applicant. If a contact person(s) is identified, provide their mailing address and telephone number. If a contact name is provided, all mail concerning the application will be directed to the contact person unless amended by the applicant.
