Kelsey:

Yes – you have my permission to cancel the application we filled out together as long as it doesn't affect the signed contract we currently have.

Subject: mitigation application

Hi Bill,

I would like to get your written permission to cancel the application we filled out together. We have since learned that we can just rely on the contract and won't need the application. If you reply to this e-mail with your consent to cancel the application, I will get it off the books.

Feel free to call me with any questions.

Thanks!
