Re: Water Right Application No. G2-29363

Hello,

I'm writing to ask for your help on a project. A number of people from Sequim and Port Angeles who helped develop the Elwha-Dungeness Watershed Plan are working on accomplishing the goals of the plan. As part of this, we need to estimate future water demand for the Dungeness watershed. A piece of this estimate will be based on the applications for water rights currently on file with the Department of Ecology.

You are receiving this letter with the return envelope and form because you have an application pending with Ecology for water from the Dungeness area.

Because a number of things may have changed since you filed your application, we'd like to hear from you. Plans may be different, property may have been sold, or you might have acquired water through other means.

Is your application still accurate? Your answer will help us more realistically estimate the amount of water that's being requested.

Action required on the enclosed form:

Please indicate if you still need water for your project.
If yes, your application will remain on file with Ecology. **OR**

If you do not need the water, please check that box and I can pass the information to staff in Ecology's Water Resources Program. **AND**

If you no longer own the property, please provide contact information for the new owner.

PLEASE NOTE

Ecology is not taking action on pending applications for water rights at this time.

Action will be taken after a Dungeness instream flow and water management rule has been adopted and enough information is available to make decisions.

The Dungeness rule is currently being discussed, and formal review of a draft rule is planned for late this summer. A public workshop is being held at the John Wayne marina in Sequim, from 4 to 7 p.m. on March 26th. We'll be talking about elements of the rule and options for water management. There will also be an announcement in the Sequim Gazette.

Ecology contact information

If you have questions about this request or are interested in the discussions on water supply and rule development, you can contact me at the Shorelands and Environmental Assistance Program, Southwest Regional Office of Ecology. My phone number is (360) 407-0276.

You can also call Sarah Ferguson of the Water Resources Program, who is working on the Dungeness rule, at (360) 407-6780.

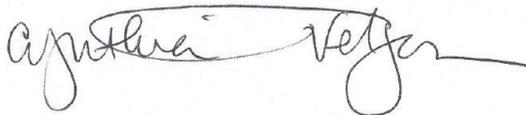

Information on Dungeness rulemaking is on-line at:

<http://www.ecy.wa.gov/programs/wr/instream-flows/dungeness/html>.

General information regarding watershed planning is available on Ecology's website at:

<http://www.ecy.wa.gov/watershed/index.html>.

Thank you for your time and attention.

AFFIDAVIT OF PUBLICATION

State of Washington
County of Clallam

Sue Ellen Riesau, being first duly sworn in oath, deposes and says: that she is the Operations Manager of **THE SEQUIM GAZETTE**, a weekly newspaper. That said newspaper is a legal newspaper, by order of the Superior Court in the county in which it is published and it is now and has been for more than six months prior to the date of the publications hereinafter referred to, published in the English language continually as a weekly newspaper in Clallam County, Washington. That the annexed is a true copy of
NOTICE OF APPLICATION TO APPROPRIATE PUBLIC WATERS
ALAN ROHNOW

as it was published in regular issues (and not in supplement form) of said newspaper once a week for a period of 2 consecutive weeks, commencing on the 27 day of MARCH 1996, and ending on the 3 day of APRIL 1996, both dates inclusive, and that such newspaper was regularly distributed to its subscribers during all of said period. That the full amount of the fee charged for the foregoing publication is the sum of \$45.00, which amount has been paid in full.

Sue Ellen Riesau

Subscribed and sworn to before me on this 26 day of April, 1996.
Hilary Roberts

Notary in and for the State of Washington, residing at Sequim.

My commission expires September 29, 1997.

STATE OF WASHINGTON
DEPARTMENT OF ECOLOGY
NOTICE OF APPLICATION
TO APPROPRIATE
PUBLIC WATERS
TAKE NOTICE:
That Alan Rohnow of Carlsborg, Washington on February 20, 1996, under Application No. G2-29363 filed for permit to appropriate public waters, subject to existing rights, from a well in the amount of 100 gallons per minute as needed year round each year, for commercial supply. The source of the proposed appropriation is located within NW1/4 NE1/4 Section 20, Township 30N., Range 4W.W.M., in Clallam County. Protests or objections to approval of this application must include a detailed statement of the basis for objections; protests must be accompanied by a two dollar (\$2.00) recording fee and filed with the Department of Ecology, at the address shown below, within thirty (30) days from April 3, 1996.

Alan Rohnow
PO Box 655
Carlsborg, Washington 98324-0655

Dear Mr. Rohnow:

Re: Ground Water Application No. G 2-29363

Your application for the appropriation of water has been assigned the above referenced number. Please refer to this number in future correspondence.

Enclosed is a notice of your application which must be published once a week for two consecutive weeks in a qualified legal newspaper of general circulation in the County or Counties in which the storage, diversion, and use is to be made and in other newspapers as directed. A list of these newspapers in your county is enclosed. The applicant is responsible for the payment of the publication. Please read the notice carefully to make sure it is correct. Should you find an error, please return the notice to our office for correction.

You should mail or deliver the enclosed notice to a newspaper regarding publication as soon as possible. When you receive the affidavit of publication with the news clipping from the newspaper, please forward the original to this office promptly.

Since your application is for service of more than one residence, it is considered a public water supply. Public water supply systems are required to be approved by either the Local Health Department or the State Department of Health, depending upon system size. If you have not already done so, I suggest that you contact your Local Health Department or DOH, Drinking Water Section, Olympia, Washington, for further information.

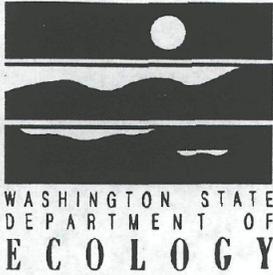

Sincerely,

Sheri Carroll
Shorelands & Water Resources
