ASSIGNMENT.**

MAKE CHECKS OR MONEY ORDERS PAYABLE TO THE DEPARTMENT OF ECOLOGY.

Introduction:

Use this form when the ownership of a water right application or permit needs to be transferred from the current owner to a new owner or additional owners. A water right application requests that a proposed beneficial water use be authorized, while a permit grants authority to develop a beneficial water use. A water right is established if water is put to beneficial water use(s) as authorized by a permit. A water right, once established, attaches to the land upon which it is legally used. It is not necessary to assign a water right certificate or a water right claim. It is required by statute that an assignment be filed for applications and permits (90.03.310 RCW).

To remain a viable application or permit, the person(s) owning it must maintain the ability to develop a water use(s) upon the property identified as the place of water use. Normally only the property owner, a lessee, or a legally recognized water system has authority to develop a water use upon a parcel of land.

An assignment of an application or permit is not valid until filed with the Department of Ecology. An assignment is made whenever it is desired to transfer all or part of the responsibility and/or interest in an application or a permit to appropriate or store water. Normally an assignment is made if the application/permit holder(s) sells the place water is to be used to another person.

The person(s) receiving the application/permit may be required to provide additional information prior to acceptance of the assignment. For example, information may be requested showing that the assignment is in compliance with the provisions of the Family Farm Water Act, Chapter 90.66 RCW.

This assignment may result in a real estate excise tax liability for the seller. The Department of Ecology notifies the Department of Revenue of potential taxable water right related actions. Please contact the state Department of Revenue for further information. The phone number is (360) 570-3265. The mailing address is: Department of Revenue, Real Estate Excise Tax, PO Box 47477, Olympia, WA 98504-7477. You may also contact them through the internet at: <http://dor.wa.gov> or e-mail REETSP@DOR.WA.GOV

Instructions: Complete the Assignment Form in ink.

Part 1. The name(s) of the holder of the application or permit must be identified. Secondly, the application/permit number given by the Department of Ecology must be identified. Identify the water source associated with the application/permit. The water source is the river stream, spring, well or other features from which water is obtained. Identify the name(s) of the person(s) being assigned the application or permit. Indicate whether the entire application/permit or only a portion is being assigned. If only a portion is being assigned, you must prepare an attachment fully describing what water quantities, purpose(s) of use, and acreage are being assigned. An attachment may be used to complete any information required by this form.

Part 2. Provide a reason why the assignment is being made. Understanding the purpose of the assignment will assist us in evaluating whether an assignment is appropriate and help us to provide advice to the new application/permit holder. For example, you could enter "sale of property" if that is the case.

Part 3. The place of use to be effected by the assignment must be identified. Providing the specific place of use information will eliminate errors that could be made in the administration of the application/permit.

Part 4. Indicate whether or not the assignment will have impact upon the timing of the development schedule as stated within the application/permit. If there will be any delay, include a statement proposing a new development schedule.

Part 5. The holder(s) of the application/permit and the person(s) to which it is being assigned must provide their signatures and addresses. The person(s) being assigned the application/permit must also provide a telephone number, if available. The addresses provided on the assignment form will be assumed to supercede any addresses already contained within the application/permit record. The formal place of contact will be considered the address and telephone number provided of the person(s) being assigned the application/permit upon acceptance of the assignment.

Notary Signature Block: The signature of the current holder of the application/permit must be notarized.

Re: Water Right Permit No. **G2-27614 – FINAL NOTICE**

Dear Mrs. Weil:

Thank you for talking with me on the phone today regarding the above-referenced water right permit. As I informed you, this water right permit is currently under the name of David Horal. You will need to complete the enclosed Assignment Form, and return it to the Department of Ecology as soon as possible. A **\$50.00 assignment fee** and a **copy of your title** should accompany this form.

The development schedule located on the back of your water right permit indicates that Completion of Construction and Proof of Appropriation are overdue. Please complete the enclosed Completion of Construction and the Proof of Appropriation. The provisions on the back of your water right permit indicate that you should have a meter installed on the water source. Please also include any metering data to substantiate your claim.

If you are unable to file the Proof of Appropriation form because you are not at **full beneficial use** of water, you will need to file for an extension of time on your water right permit.

By statute (RCW 90.03.320), projects under permit must be pursued with due diligence and be completed in a reasonable period. Extension of a permit can only be considered when we receive a written request and extension fee. Any future requests should, at a minimum, address the following:

- The reason(s) for needing the extension.
- A description of efforts made since the permit was issued or the last extension was granted.
- A proposed schedule for completing the development.
- A \$50.00 extension fee.

Failure to respond to this letter within sixty (60) days may result in the cancellation of your permit.

If you have questions, please contact me at (360) 407-6918 or at abro461@ecy.wa.gov. Thank you for your attention to this matter.

Sincerely,

Abby Brown

Re: Water Permit No. G2-27641

On **May 25, 2000**, you were sent a letter reminding you of the need to file a Completion of Construction or request an extension of time to complete construction on your project. We have not received a response to that letter.

Please complete the enclosed Completion of Construction form if you have completed construction on the water system, and return it with a check or money order for the **\$40.00** extension fee made payable to the Department of Ecology (at \$5.00 a year, this would bring you current until **July 1, 2003**)

If we do not receive either the completed form or the extension fee **within sixty (60) days from receipt of this letter**, your permit will be canceled with no further contact. If you have any questions or concerns about any of this information, please call me at (360) 407-6643 or (360)-754-7987. Thank you for your attention to this matter.

I have also enclosed an Assignment of Permit form to transfer Permit #G2-27614 to your name. Please complete items 1 through 5 and submit this form along with a copy of your deed or chain of title and the mandatory \$5.00 fee.

Please complete the enclosed Completion of Construction form if you have completed construction on the water system. If you have not completed construction, you may request an extension of time. The request must be in writing and contain the following if you can show good cause why your permit should not be cancelled.

1. A description of efforts you have made since the permit issued or the last extension was granted to complete construction.
2. An anticipated time schedule for completing construction and completing development of the water system.
3. Reason(s) for needing the extension.
4. Any additional remarks concerning your project that will assist us in making our decision of whether to grant the extension.
5. Check or money order for the **\$45.00** (at \$5.00 a year, this would bring you current until **July 1, 2003**) extension fee made payable to the Department of Ecology. Payments of extension fees are non-refundable regardless whether the extension is granted.
